

Mr Santa Claus
"The Christmas Workshop"
12 Reindeer Way
The North Pole
9999

Dear Delightful Child,

I am delighted to present to you with your very own "Magical Christmas Elf". This special elf has travelled all the way from Santa's Workshop, in the North Pole and is here to visit your family this Christmas Season.

This special Elf holds magical powers. Please do not touch your Elf as children's hands will take his magic away! During the day your elf likes to sleep but don't be fooled they will always be watching those good girls and boys. At night the elf likes to get up to mischief and find new places to hide!

Each morning when you wake up look for a new clue it will help you find where your elf is hiding and tell you what they have been up to!

Your Elf is very excited to have found a lovely family to stay with for this little holiday. They have lots of fun and exciting things planned for everyone!

Yours Merrily,

Santa Claus
